# PROCLAMATION

'F. L. Jobin'  
Lieutenant-Governor.

CANADA —

PROVINCE OF MANITOBA

ELIZABETH THE SECOND, by the Grace of God of The United Kingdom, Canada and Her other Realms and Territories QUEEN, Head of the Commonwealth, Defender of the Faith.

## A PROCLAMATION

TO OUR BELOVED AND FAITHFUL the Members elected to serve in the Legislative Assembly of Our Province of Manitoba, and to each and every of you — GREETING:

WHEREAS the Legislature of the Province of Manitoba now stands prorogued until it pleases His Honour the Lieutenant-Governor to summon the same for the despatch of business;

NOW KNOW YE THAT, for divers causes and consideration, and taking into consideration the ease and convenience of Our loving subjects, We have thought fit, by and with the advice and consent of Our Executive Council of Our Province of Manitoba, to convoke and by these presents enjoin you and each of you, on Thursday, the seventeenth day of February, 1977, at the hour of 2:30 o'clock in the afternoon, to meet us, For The Despatch Of Business, in Our Legislative Assembly of Our Province of Manitoba, in Our City of Winnipeg, there to take into consideration the state and welfare of Our said Province of Manitoba and therein to do as may seem necessary.

HEREIN FAIL NOT.

IN TESTIMONY WHEREOF We have caused these Our Letters to be made patent, and the Great Seal of Our Province of Manitoba to be hereunto affixed;

WITNESS, His Honour Francis Laurence Jobin, Lieutenant-Governor of Our Said Province of Manitoba;

AT OUR GOVERNMENT HOUSE, at Our City of Winnipeg, in the Province of Manitoba, this twenty-sixth day of January, in the year of Our Lord one thousand nine hundred and seventy-seven, and in the twenty-fifth year of Our Reign.

BY COMMAND,

HOWARD R. PAWLEY,  
Attorney-General.

# JOURNALS OF THE LEGISLATIVE ASSEMBLY OF MANITOBA

FOURTH SESSION, THIRTIETH LEGISLATURE

2:30 O'CLOCK P.M.

This being the first day of the meeting of the Fourth Session of the Thirtieth Legislature of the Province of Manitoba convoked by Proclamation of His Honour F. L. JOBIN, Lieutenant-Governor, for the dispatch of business, and the Members of the House being assembled,

His Honour F. L. JOBIN was pleased to open the session with the following gracious speech:

MR. SPEAKER AND MEMBERS

OF THE LEGISLATIVE ASSEMBLY OF  
THE PROVINCE OF MANITOBA:

I welcome you to the Fourth Session of the Thirtieth Legislature of the Province of Manitoba.

I know I speak for all Manitobans in expressing our warm and affectionate good wishes to Her Majesty the Queen on attaining the Silver Jubilee of her reign. A resolution will in due course be placed before you to obtain the consent of the House for a message of loyal congratulations and good wishes to the Queen on reaching this significant point in her reign.

My Ministers have informed me that the performance of the Manitoba economy in 1976 was marked by many of the same influences which affected the national economy.

A gradual recovery trend was evident throughout the year, and the value of our province's total output of goods and services, measured in constant dollar terms, increased at a rate significantly in excess of that recorded in 1975. When final statistics have been compiled, they are expected to reveal that the gross provincial product for 1976 totalled at least \$7.5 billion. After inflation has been netted out, the increase has been approximately 25% since the beginning of this decade.

Despite a serious worsening in unemployment in several other regions of the country, the situation in Manitoba was relatively stable in 1976, and the unemployment rate in our province continues in the pattern of the last four years at approximately 2.4 percentage points below the national average.

I am pleased to note that during 1976 tourism in Manitoba went up by approximately 3% at a time when tourism in Canada went down by approximately 7%.

Manitoba farmers realized a bountiful harvest in 1976, indeed better than could be inferred from precipitation records. Production of wheat exceeded 100 million bushels for the first time in the history of the province. However, drought and hail took their toll and indemnities paid by the Manitoba Crop Insurance Corporation for crop losses insured under the all-risk and hail insurance contracts will reach an estimated \$9.5 million. Due to farmers' concerns over lack of moisture reserves in the soil, further increases in participation in the crop insurance program are anticipated. Gross cash receipts of \$900 million from farming operations, while slightly lower than in 1975, were the second highest in history, as was total net farm income at \$342 million. The rather sharp decline in grain prices that has occurred in the past six months is expected to have an adverse effect on cash receipts from grain sales in 1977 while income from livestock operations is expected to improve over 1976 levels.

My Ministers are currently negotiating with the government of Canada on methods to integrate the provincial and federal beef producers' income stabilization programs. You will be asked to approve farm income assurance legislation that will facilitate the integration.

In response to widespread concern over speculative land purchases and foreign ownership of land, my government will introduce legislation to limit the purchase of agricultural land by non-residents and by non-farmer owned corporations.

A favourable trend occurred in consumer prices last year as well. By year end, the rate of inflation in our province was less than half the rate recorded in the peak months of 1975. In addition, general price levels in Manitoba remained among the lowest in Canada.

My Ministers look forward to participating in formal discussions with the government of Canada, the other provinces, labour organizations and business representatives on options for terminating the anti-inflation program. Along with the other provinces, Manitoba was prepared to support its introduction; however, any advantages to be gained by a protracted extension of the original controls beyond this year would be outweighed by the disadvantages.

Members should be aware that substantial cutbacks in federal cost-sharing programs and fiscal arrangements have placed severe pressures on the budgets of nearly all provincial governments, thus making program continuation difficult without compensating fiscal adjustments. Provincial legislative changes may be required to complement new federal legislation governing the financing of hospital insurance, medicare and post-secondary education. A Bill now before Parliament provides for the transfer of greater income tax responsibility to all 10 provinces as a partial replacement for federal cost-sharing payments for these programs starting this year. A number of technical matters remain to be worked out, however, before the new federal-provincial financing arrangements will be finalized.

My Ministers are at present reviewing the provisions of The Succession Duty Act and legislation reflecting the results of the review will be placed before Members later in the session.

Although many new initiatives over the past seven years have been undertaken to improve the quality of the human condition, my Ministers inform me that Manitoba's per capita level of expenditure remains among the lowest in the country. In preparing their estimates for the 1977/78 fiscal year, my Ministers have imposed restraint guidelines on all departments and agencies which have been even more stringent than those applied in previous years. Care will be taken that in the course of applying budgetary limits, the legitimate needs for services necessary to an improved and more equitable human condition are not frustrated.

My Ministers continue to be committed to the improvement of the human condition. In this endeavour, the provision of equality of educational opportunity is essential for the benefit of those children who, through their own efforts, are able to attain, in their adult lives, a position in society commensurate with the potential of their latent abilities and personalities. Every effort must be made to ensure that an education is available to those who are in need of special programs, those who live in isolated and remote communities, and those who are recently arrived in our province from other countries.

As a lasting and meaningful learning experience is based on a command of language and a facility with computational skills, my government will continue to make available to the public schools the greater proportion of the financial resources required for the provision of a basic education to children living in all circumstances and in all parts of our province.

My government will direct additional financial resources to the elementary level of public school education, in recognition of the importance of these formative years in school for our children, and in acknowledgment of the range and complexity of desirable educational programs expected from teachers in the elementary schools.

Another prime example of my Ministers' dedication to meeting the needs of Manitobans has been my government's commitment to make significant improvements in housing conditions in the province. Since 1969, the government of Manitoba has invested a quarter of a billion dollars in social housing. The current value of that investment in the stock of housing far exceeds even this amount. My Ministers have developed some 12,000 housing units for low income families and for senior citizens, a major program which has enabled thousands of parents to raise their children in a decent environment and has allowed thousands of senior citizens in Manitoba to live with comfort and dignity.

In 1976, the Manitoba Housing and Renewal Corporation had a record year of performance by constructing some \$54 million of public housing, including 900 family social housing units and over 1,000 elderly persons housing units.

In line with the commitment of the government of Manitoba to continue building social housing, my Ministers have authorized M.H.R.C. to develop in excess of 2,000 additional units of housing stock.

My government intends to continue its program of grants and low interest rate loans to senior citizens and families of modest income to permit improvements to their dwellings. Over 6,300 families and senior citizens have been assisted by the Pensioners' and Critical Home Repair Programs over the past few years, and it is my government's intention to allocate \$5 million for that purpose in the current year.

Mon gouvernement cherchera à étendre son programme d'aide aux familles à revenus modestes afin qu'elles puissent acquérir un logement à un coup raisonnable par l'entremise de coopératives de construction à capital-travail.

The government of Manitoba is concerned with the high cost of serviced land to home purchasers. For that reason, my Ministers are planning the development of over 500 acres in the Winnipeg region. These serviced lots will be provided to home-buyers at prices related to real cost and will be of considerable assistance to persons purchasing new homes.

My Ministers' responsiveness to the needs of Manitobans also is demonstrated by the priority attention they have given to child and family service programs.

I am informed by my Ministers that this special focus on child and family services will be undertaken through close liaison and consultation with children's aid societies and institutional care providers.

Je suis informé par mes ministres que des projets-témoins de dépistage des troubles de l'audition chez les enfants seront établis dans deux localités durant l'année qui vient. Mon gouvernement est conscient des difficultés auxquelles les enfants ont à faire face lorsqu'ils entendent mal et ce projet cherchera à améliorer les programmes de dépistage des troubles auditifs.

In order to increase significantly the availability of vital treatment for kidney patients, equipment, instruction and support staff will be provided to permit the introduction of a home dialysis program.

The policy of the correctional system will continue to be firm but fair, and reflect the rights of the public to protect itself by removing those who are deemed by the Courts to be a threat, but at the same time by attempting to help those who can be helped. Agreements have been entered into with the federal government to allow additional training opportunities for staff, resulting in better service to the public by returning people to the community who will respect the rights of others and are better able to accept responsibility for their own actions.

For the past year, I am told, progress has been made in the development of community mental health and community mental

retardation programs. This will be expanded to include development of additional community residences for the mentally retarded and the establishment of a number of community residences for the mentally ill. My Ministers will be requesting funds for the construction of a recreation building and a specialized support services building at the Manitoba School in Portage la Prairie.

The capital program for the development of health facilities, previously announced, will be continuing in 1977. The chief focus of the program will be on nursing care facilities for our elderly citizens and those designed to place greater emphasis on levels of care other than acute hospital beds. Meanwhile, my government will continue its effort to limit the expansion of expenditures on traditional health services, while maintaining a high standard of excellence.

Preparations are being made to consolidate the various occupational health and safety programs within the Department of Labour and to hold public seminars to establish the most effective ways of administering the new Workplace Safety and Health Act. Those measures will be of fundamental importance in helping to maintain the health and safety of Manitobans.

Regardless of the effectiveness of steps to reduce the incidence of accidents, some will continue inevitably to occur and cause their victims, in all walks of life, serious disabilities and loss of income. Cognizant that existing public programs cover only certain groups or certain accidents and that a significant part of the population has no insurance coverage, my government intends to introduce proposals which will lead to the development of a comprehensive accident compensation plan.

Legislation will be introduced to deal fairly with the matters of hours of operation and overtime work which have created problems to employer and employee groups in the province. My Ministers will continue their policy of reviewing and making appropriate increases in the provincial minimum wage.

It is gratifying to note the high percentage of students of all ages who take work-oriented courses at the community colleges, and who secure employment in the areas in which they are trained or in closely related areas. When these are combined with those who complete the special programs of teacher education and new careers, it is clear that many of our citizens, including the disadvantaged, are finding it possible to improve their economic position as a result of the opportunities that are provided.

My Ministers have asked a number of crown corporations to examine the feasibility of placing employees on their boards of directors. We are hopeful that that approach, new and experimental in Canada, may help to improve labour relations.

My Ministers are pleased to inform me that the civil engineering works of the Lake Winnipeg regulation and the Churchill River diversion are now completed. That major undertaking, necessary to ensure renewable energy for Manitoba's longer-term needs, has been built in spite of various obstacles and difficulties over the past

several years. My Ministers wish me to commend the engineering group and management of Manitoba Hydro for carrying out those developments so expeditiously and to note the fact that senior engineering personnel of Manitoba Hydro have recently received both local and international professional citations and recognition.

I am informed that the entire Nelson River development program is proving to be of critical importance during a period of the driest conditions in over 90 years. This is evidenced by the fact that Winnipeg River plants which supplied virtually 100% of our requirements 12 years ago account this winter for less than 20% of such requirements.

Now that the essential components of the Nelson River development are in place, Manitoba Hydro is in a position to maintain flexibility in its forward plans for new generation and distribution to meet future load.

I am informed that new generating units at the Jenpeg and Long Spruce stations on the Nelson River are being commissioned and Manitoba Hydro is undertaking site preparation work at the Limestone station so that that facility can be developed at the most appropriate time to meet Manitoba's needs. Manitoba Hydro is continuing its program of bringing central station power to customers in remote areas of the province, with maximum participation by local residents in the work.

My Ministers plan to continue their efforts to reduce our dependence on traditional energy resources. That will be done by encouraging conservation of these energy sources through more efficient use, as well as by co-operating nationally in the development of alternative sources of energy.

The Manitoba Telephone System is forecasting a substantial increase in telephones over the next fiscal year. At the end of January, the System placed its 600,000th telephone in service.

The undepreciated book value of the Manitoba Telephone System property has reached \$524 million or an average capital investment of \$876 per telephone, and the System's manual-to-dial conversion program will be completed early in the new fiscal year. At present, 99.5% of the telephones in Manitoba are dial operated.

Substantial progress will be achieved in the System's rural service improvement program, which by 1981 will bring individual line service to 170 communities previously provided with multi-party line service. As well, multi-party line loadings are being reduced in other areas to no more than four per line by 1981.

In northern Manitoba, the System will largely complete its major program, which began in 1973, to provide expanded and improved service to about 20,000 residents of 45 permanent communities. During the fiscal year, the \$12.8 million Lake Winnipeg microwave network will be completed, connecting Winnipeg and Gillam. Residents of 17 northern Manitoba communities will benefit through the provision of improved long distance service and, in some cases, live CBC television reception and higher quality radio reception. Plans are under way to provide cable television to approxi-

mately 30 communities in the province through the Manitoba Telephone System, subject to licensing of such operations by federal authorities.

Within the Manitoba Public Insurance Corporation, both the automobile and the general insurance operations enjoyed a surplus in the past fiscal year. My Ministers tell me that the approximately \$30 million reserve funds of the Manitoba Public Insurance Corporation have been invested in provincial, municipal and hospital bonds in various towns, villages, rural municipalities and cities in Manitoba.

My government's Department of Highways will continue its program of four-laning the Trans-Canada highway. A \$10 million expenditure on that program will soon bring into service 224 miles of four-lane highway between Brandon and Falcon Lake. The joint federal-provincial road strengthening program will continue and bring a network of designated primary highways to a maximum gross weight of 110,000 pounds.

My Ministers inform me that there will be measures to reduce highway speed limits which will coincide with Manitoba's conversion to the metric system.

To meet the recreational needs of the over 5½ million people expected to visit Manitoba's parks during 1977, several sites and areas will be expanded.

Major cottage lots and campgrounds will be completed at Hugo Bay in Clearwater Provincial Natural Park, at Childs Lake in Duck Mountain Park, Grindstone Point, and Nopiming Provincial Park, adding several hundred units to meet part of the significant growth in demand for such facilities on the part of our citizens. Gull Harbour Lodge, built through cost-sharing with the federal government, will open early this spring, providing further accommodation, meeting and recreational facilities in Hecla Provincial Natural Park.

My government hopes to sign an agreement under which the provincial and federal governments will undertake to preserve the historical significance of a number of areas and sites along the Red River. In addition, recreational facilities such as picnic sites and trails will be developed.

You will be asked to approve certain amendments to The City of Winnipeg Act designed to provide for further refinement and improvement of the legislative framework for urban government in the Winnipeg area.

My government will continue in its effort to assist remote communities to improve further on recently established local self-government.

My government will continue its efforts to assist Manitobans who are attempting to provide themselves with necessary goods and services, at cost, through co-operative endeavours.

In accordance with the needs of the credit union movement in Manitoba for legislation reflecting its growth and increasing sophisti-

cation, my Ministers inform me that a bill governing credit unions will be introduced for consideration by this Assembly.

The reform of family law is a matter of high priority to my government. The recommendations of the Manitoba Law Reform Commission in its reports on Family Law have been considered by a committee of the Legislative Assembly. Legislation will be introduced which will recognize that marriage is an equal partnership.

My Ministers will introduce amendments to The Jury Act. The intention of those amendments will be that the provisions of the act dealing with disqualifications and exemptions of prospective jurors will be changed to reflect our contemporary society.

The plans and the legislative proposals which I have outlined to you have been prepared by my Ministers in consideration of the interests of the people of Manitoba. The estimates of expenditure for the public service of the province for the next fiscal year as well as the public accounts for the last fiscal year will all be submitted for your consideration.

En vous quittant, je prie la Divine Providence de vous guider et d'éclairer votre jugement dans vos délibérations.

May God Bless the Queen and our Country.

The House resumed the Adjourned Debate on the Proposed Motion of Mr. JENKINS:

For an Address to His Honour the Lieutenant-Governor in answer to His Speech at the Opening of the Session.

And the Proposed Motion of Mr. LYON in amendment thereto as follows:

THAT the motion be amended by adding to it the following words:

“But that this House regrets that this government, through excessive taxation, wasteful spending, sustained mismanagement and by its failure to understand or respond to the changing needs of Manitobans, has thereby forfeited the confidence and support of the people of Manitoba.”

And the Proposed Motion of Mr. JOHNSTON (Portage) in further amendment thereto, as follows:

THAT the amendment be further amended by adding the following words:

“And this House further regrets that your Honour’s government

1. Has failed to proceed with necessary social measures to improve day care and child care and community mental health services, and juvenile corrections in the province.

2. Has failed to provide effective programs to upgrade older housing or provide assistance for introduction of fire safety improvements.

3. Has failed to meet the serious financial difficulties of our schools and municipalities.

4. Has failed to develop an energy policy that provides for alternative sources of power and encourages conservation, and insures full public examination of the impact of potential nuclear energy sites.

5. Has failed to outline and develop alternate strategies to deal with the high costs of rent, food, clothing and housing when wage and price controls will end.

6. Has failed to channel the energies of government, business and labour in joint programs to provide expanded job opportunities and business activity in the inner city."

And the debate continuing on the sub-amendment,

And Hon. Mr. GREEN and Mr. ENNS having spoken,

PRAYERS.

Mr. WALDING, from the Standing Committee on the Rules of the House, presented its First Report, which was read as follows:

Your Committee met on Friday, February 4, 1977, to consider such matters as were referred by members of the Committee and by the Office of the Clerk of the House.

Your Committee agreed:

(a) THAT use of the motion for the House to resolve itself into Committee of Ways and Means as the vehicle to permit the introduction of the Budget and the subsequent debate be discontinued.

Your Committee recommends that the following motion be adopted:

“THAT this House approves, in general, the budgetary policy of the Government.”

(b) THAT the Clerk of the House be authorized to transfer the Notices of Motion from the Votes and Proceedings to a “Notice Paper” and to make such other changes in the format of the Votes and Proceedings as are considered necessary to facilitate the production of the Journals of the House.

(c) THAT the procedure to be following during the Report Stage, as outlined in the paper submitted by the Clerk of the House be adopted.

(d) THAT the order in which departmental estimates are discussed by the section of the Committee of Supply sitting outside the Chamber will be determined by the Opposition in consultation with the Government House Leader.

(e) THAT the Clerk of the House and Legislative Counsel be authorized to effect such changes in the Rules as are considered necessary to effect the foregoing.

(f) THAT, with respect to requests received for permission to televise proceedings in the House, Mr. Speaker be authorized to approve such requests without reference to the Rules Committee provided that they do not go beyond that which has been approved by that Committee.

Your Committee also agreed that the following changes in the Rules, Orders and Forms of Proceeding of the Legislative Assembly of Manitoba be made:

- (a) Rules 23 and 23(1.1) are repealed and the following substituted:

"23(1) The Budget shall not be presented until the debate on the motion for an Address in Reply to the Speech from the Throne is concluded.

(2) The Address on the Budget shall be preceded by the following motion "THAT this House approves in general the budgetary policy of the Government."

(3) The debate on the motion for approval by the House in general of the budgetary policy of the Government, and any amendments thereto, shall not exceed eight sitting days, including the day of the presentation of the Budget.

(4) The Order of the Day for resuming debate on the motion for approval by the House in general of the budgetary policy of the Government, and any amendments thereto, shall take precedence of all other motions for the same day.

(5) On the eighth of the eight days, at thirty minutes before the ordinary time of daily adjournment, unless debate has previously been concluded, the Speaker shall interrupt the proceedings and forthwith put every question necessary to dispose of the Main Motion, and any amendments thereto.

- (b) Sub-Rule 51(2) is repealed and the following substituted:

"51(2) The notice shall be filed with the Clerk before adjournment of the House for the day, shall be printed in the Notice Paper and shall be placed on the Order Paper two days afterward."

- (c) Sub-Rule 55(2) is repealed.

- (d) Rule 56 is repealed and the following substituted:

"56. No member shall have more than two notices of motion on the Notice Paper of any day except notices of motion for the production of papers or for orders for returns."

On motion of Mr. WALDING, the Report of the Committee was received.

The House resumed the Adjourned Debate on the Proposed Motion of Mr. JENKINS:

For an Address to His Honour the Lieutenant-Governor in answer to His Speech at the Opening of the Session.

And the Proposed Motion of Mr. LYON in amendment thereto as follows:

THAT the motion be amended by adding to it the following words:

And the House continuing in Committee and progress having been made and reported, the Committee obtained leave to sit again at the next sitting of the House.

---

Mr. JOHNSTON (Portage) moved:

1. WHEREAS the United States Government promised the Canadian Government that they would abide by the 1909 Boundary Waters Treaty specifically Article 4, and not pollute waters crossing the boundary to the "injury of health or property in Canada";

AND WHEREAS the U.S. Government promised the Canadian Government that no construction potentially affecting water flowing into Canada will be undertaken unless it is clear there is no injury to health or property;

AND WHEREAS since that promise construction has taken place on those project features of the Garrison Diversion Unit that will affect Manitoba adversely, specifically the Wintering Dam portion of the Lonetree Reservoir Complex;

AND WHEREAS even though the International Joint Commission study board and its technical committees have recommended major project modifications to the Garrison Diversion Unit, no final assurance now exists for Canadians that these modifications will indeed be undertaken;

THEREFORE BE IT RESOLVED that the Government of Manitoba request the Government of Canada to continue to demand of the American authorities a delay in construction of the Garrison Diversion Unit until the International Joint Commission comes up with its recommendations and until accompanying guarantees of implementation from the U.S. Government are given that their obligations under the Boundary Waters Treaty are upheld;

BE IT FURTHER RESOLVED that the Government of Manitoba give consideration to the advisability of setting up a special task force on the Garrison Diversion Unit to present a comprehensive review of the severe harmful effects this project will have on Manitoba to the International Joint Commission public hearings;

BE IT FURTHER RESOLVED that a special task force on the Garrison Diversion Unit will ensure that every community potentially affected by the completed project knows the dangers involved; that every community potentially affected by the completed project knows what actions must be taken to lessen the harmful effects; that all industries, community organizations and private citizens be made aware of the potential harmful effects of the project if completed.

And a debate arising,

And Mr. JOHNSTON (Portage), Hon. Mr. BOSTROM, Messrs. CRAIK and AXWORTHY having spoken,

And Hon. Mr. URUSKI speaking at 5:30 p.m.,

The debate was then suspended in accordance with Rule 22.

The Order of the Day having been read for consideration of the Proposed Motion of Mr. JOHNSTON (Portage):

1. WHEREAS the United States Government promised the Canadian Government that they would abide by the 1909 Boundary

Waters Treaty specifically Article 4, and not pollute waters crossing the boundary to the "injury of health or property in Canada";

AND WHEREAS the U.S. Government promised the Canadian Government that no construction potentially affecting water flowing into Canada will be undertaken unless it is clear there is no injury to health or property;

AND WHEREAS since that promise construction has taken place on those project features of the Garrison Diversion Unit that will affect Manitoba adversely, specifically the Wintering Dam portion of the Lonetree Reservoir Complex;

AND WHEREAS even though the International Joint Commission study board and its technical committees have recommended major project modifications to the Garrison Diversion Unit, no final assurance now exists for Canadians that these modifications will indeed be undertaken;

THEREFORE BE IT RESOLVED that the Government of Manitoba request the Government of Canada to continue to demand of the American authorities a delay in construction of the Garrison Diversion Unit until the International Joint Commission comes up with its recommendations and until accompanying guarantees of implementation from the U.S. Government are given that their obligations under the Boundary Waters Treaty are upheld;

BE IT FURTHER RESOLVED that the Government of Manitoba give consideration to the advisability of setting up a special task force on the Garrison Diversion Unit to present a comprehensive review of the severe harmful effects this project will have on Manitoba to the International Joint Commission public hearings;

BE IT FURTHER RESOLVED that a special task force on the Garrison Diversion Unit will ensure that every community potentially affected by the completed project knows the dangers involved; that every community potentially affected by the completed project knows what actions must be taken to lessen the harmful effects; that all industries, community organizations and private citizens be made aware of the potential harmful effects of the project if completed.

And the debate continuing,

And Hon. Mr. GREEN having spoken,

Hon. Mr. GREEN moved in amendment:

THAT the Resolution be amended by deleting all the words following the word "WHEREAS" in the first paragraph thereof and substituting therefor the following:

"pursuant to action initiated by the Province of Manitoba in January of 1970 the Government of Canada referred the issue of an alleged potential violation of the Boundary Waters Treaty, by virtue of the Garrison Diversion irrigation unit in the United States, to the International Joint Commission;

AND WHEREAS the said alleged violation is presently pending before the International Joint Commission;

AND WHEREAS it is desirable that there be no question as to the support of the Government of Manitoba in its presentation before the International Joint Commission and its action with respect to the Garrison Diversion unit;

THEREFORE BE IT RESOLVED:

1. THAT this House confirms and endorses those steps taken by the Government of Manitoba designed to place the Province in the most favourable position before the International Joint Commission, namely,
  - (a) in continued use of reasonable diplomatic means to deal with this problem and in obtaining progress through the use of such means;
  - (b) in accepting the validity of the undertakings given by the United States Government and the Government of North Dakota;
  - (c) in encouraging the documentation of Manitoba's complaints by sources in the United States and in Canada;
  - (d) in the presentation of two briefs before the International Joint Commission;
  - (e) in maintaining solidarity with and in not undermining the Canadian Government in its external relations.
2. THAT this House endorses the action of the Manitoba Government in resisting the taking of such steps as would have jeopardized the position of the Province, namely:
  - (a) by not considering the matter satisfactorily resolved upon receipt of the American undertaking and continuing to prepare ourselves to deal with arguments which would be made over the use of the words "pollution" and "injury" as used in the Treaty;
  - (b) by refusing to adopt grand-stand and fruitless advice to sue the United States Government, either in a United States court or a Canadian court;
  - (c) by refusing to involve the Government of Manitoba in the internal politics of the United States by opposing aspects of the Garrison Diversion which the United States undertook would not involve the Red and Souris Rivers;
  - (d) by refusing the temptation of demanding compensation as a appropriate remedy for problems which would arise in Canada;
  - (e) by refusing to deem as acceptable the proceeding with the diversion by the United States if full compliance with the International Joint Commission Study Board report recommendations were guaranteed."

And the debate continuing on the Amendment,

And Mr. ENNS having spoken,

Mr. ENNS moved in further amendment:

THAT the proposed amendment be amended by deleting all words after the word "Commission" in the first "WHEREAS" and stating thereafter the following:

"THEREFORE BE IT RESOLVED that this Legislature takes the position that no water, regardless of stated quality, from the Garrison Diversion be allowed to enter the natural watercourses of Manitoba."

And the debate continuing on the sub-amendment,

And Mr. AXWORTHY speaking at 5:30 p.m.,

The debate was suspended in accordance with Rule 22.

In accordance with Rule 22(5), the following Resolutions, standing on the Order Paper in the name of Mr. AXWORTHY, were removed:

2. WHEREAS rebuilding the inner core of the City of Winnipeg is more productive, both economically and socially, than public works;

AND WHEREAS by offering to residents and city officials of the inner city community financial incentives for the form of physical renewal they would choose themselves is more effective than programs chosen for them by the provincial government because it builds a sense of confidence and self-respect in the community;

AND WHEREAS a major emphasis of any inner city renewal program must be to provide financial assistance to inner city residents for upgrading programs so they can assume responsibility for their own renewal.

THEREFORE BE IT RESOLVED that the Government of Manitoba consider the advisability of enacting legislation to:

- 1) Create Community Economic Development Corporations to initiate the development of new housing, start up of new businesses, repair of older commercial areas, with the objective of becoming economically self-sufficient;
  - 2) Establish and fund an Urban Development Bank to approve loans and grants for each project under the Community Economic Development program, and to provide assistance with technical skills; this Urban Development Bank would also provide loans and grants to the City of Winnipeg for improvements in streets and open areas and for establishment of new public facilities and services;
  - 3) Establish a Home Repair Program, funded with loans and grants from the Urban Development Bank, with the express purpose of home repair and purchase of older buildings in the inner city.
-

3. WHEREAS the most effective way to renew the downtown core of Winnipeg is through economic upgrading rather than the construction of new buildings;

AND WHEREAS the emphasis on any renewal program must be on breaking through the vicious circle of poverty and enabling people on low income to gain a measure of self-sufficiency and respect through employment;

AND WHEREAS present provincial efforts are of a make work variety with no long term benefit;

THEREFORE BE IT RESOLVED that the Government of Manitoba consider the advisability of enacting legislation to provide jobs, employment and training of new skills for inner city residents by instituting tax incentives to private employers for the hiring and training of workers from the inner city, with particular emphasis on the unskilled young people.

---

The Order of the Day being read for consideration of the Proposed Motion of Mr. PATRICK:

4. WHEREAS the cost of living has risen significantly in the last year in Manitoba and those citizens who are over 65 and living on fixed incomes have no way of making their income meet the ever rising cost of living;

AND WHEREAS more than half of Canada's senior citizens are living at or below the poverty line;

THEREFORE BE IT RESOLVED that the government consider the advisability of amending immediately the present income supplement program for senior citizens 65 years and over, whereby their income would be guaranteed at \$300. per month per person or \$500. per month per couple;

AND BE IT FURTHER RESOLVED that this House request the federal government to share the cost of this supplement program.

And Mr. JOHANNSON continuing his address,

Mr. JOHANNSON moved in amendment:

THAT the Proposed Resolution No. 4 be amended by striking out every word after the first word "WHEREAS" and inserting the following:

"the federal government has the primary responsibility for social security programs for the elderly;

AND WHEREAS Manitoba has nevertheless pioneered in the provision of services to the elderly, including home care, insured nursing homes and income supplements to the elderly;

AND WHEREAS Canada is providing no financial support for the elderly's income supplement, and is offering support for home care and nursing homes that is so limited as to threaten future development;

THEREFORE BE IT RESOLVED that this House urge the federal government to assist the province in further expanding its services to the elderly by meeting 50% of the cost of these programs."

And the debate continuing on the Amendment,

And Messrs. HENDERSON and MALINOWSKI having spoken,

And Hon. Mr. DESJARDINS speaking at 5:30 p.m.,

The debate was suspended in accordance with Rule 22.

---

At 8:00 p.m., the Chairman of the Committee of Supply returned to the Chair.

## PRAYERS.

Hon. Mr. PAWLEY, a member of the Executive Council, presented:

Reply to a Question (No. 1) asked in the House by Mr. LYON during Question Period on March 10, 1977:

## QUESTION:

1. "How many persons have been charged as a result of incidents at the Griffin Plant since February 28th?"

## ANSWER:

Since February 28th, 16 persons have been charged as a result of incidents at the Griffin Plant. 10 persons were charged on March 8th, 1977; 3 persons were charged on March 9th, 1977; and 3 persons were charged on March 10th. No charges were laid on March 11th. There was one arrest this morning, however, the matter is under review and no decision has yet been made as to whether the arrested person will be charged.

## QUESTION:

2. "Under what Sections of The Criminal Code are these charges being laid?"

## ANSWER:

These charges were laid under Section 387 (1) (c) of The Criminal Code which provides as follows:

"Every one commits mischief who wilfully obstructs, interrupts or interferes with the lawful use, enjoyment or operation of property."

## QUESTION:

3. "Are all persons removed from the Griffin Plant by the police being charged, that is all persons removed since the 28th of February?"

## ANSWER:

Not all persons removed from the Griffin Plant by the police have been charged. It was decided to proceed initially by issuing warnings to the persons involved on the first three occasions. When the same person was required to be removed by the police on a fourth occasion, charges were laid. Commencing Monday, March 14th, persons required to be removed will no longer be warned but charged.

## QUESTION:

4. "If all persons are not being charged on what basis are charges being laid and on whose instructions?"

## ANSWER:

Charges are being laid on the instructions of Crown Counsel.

## QUESTION:

5. "Can the Minister give assurance to the House and the public of Manitoba that all charges laid will be proceeded with in the regular manner?"

## ANSWER:

Yes.

## QUESTION:

6. "If stays of proceedings are being contemplated on the charges, will the Minister advise the House and the people of Manitoba on what basis and on whose instructions such stays of proceedings will be entered?"

## ANSWER:

At the present time all charges are being proceeded with in the usual fashion, and no stays of proceedings are contemplated.

The Order of the Day being read for consideration of the Proposed Motion of Mr. PATRICK:

5. WHEREAS it is of prime importance to the citizens of Manitoba that good housing be provided in adequate supply at fair cost;

AND WHEREAS there is a necessity for a comprehensive policy affecting all aspects of the housing market;

AND WHEREAS there is presently a fragmented approach in the Government's housing policy;

BE IT THEREFORE RESOLVED that this House consider the advisability of establishing a separate Department of Housing;

AND BE IT FURTHER RESOLVED that a separate Department of Housing under its own Minister, would consolidate the government activities relating to land supply, labour supply, financing, social co-op and non-profit housing and marketing;

AND BE IT FURTHER RESOLVED that a Department of Housing would establish a separate Housing Loan Fund for applying public capital to housing mortgages, municipal land servicing and repair programs; and that such a department would provide financial and technical resources to community organizations for purposes of creating new housing enterprises.

And the debate continuing,

And Hon. Mr. MILLER, Messrs. CRAIK and AXWORTHY having spoken,

The Order of the Day having been read for consideration of the Proposed Motion of Mr. JOHNSTON (Portage):

1. WHEREAS the United States Government promised the Canadian Government that they would abide by the 1909 Boundary Waters Treaty specifically Article 4, and not pollute waters crossing the boundary to the "injury of health or property in Canada";

AND WHEREAS the U.S. Government promised the Canadian Government that no construction potentially affecting water flowing into Canada will be undertaken unless it is clear there is no injury to health or property;

AND WHEREAS since that promise construction has taken place on those project features of the Garrison Diversion Unit that will affect Manitoba adversely, specifically the Wintering Dam portion of the Lonetree Reservoir Complex;

AND WHEREAS even though the International Joint Commission study board and its technical committees have recommended major project modifications to the Garrison Diversion Unit, no final assurance now exists for Canadians that these modifications will indeed be undertaken;

THEREFORE BE IT RESOLVED that the Government of Manitoba request the Government of Canada to continue to demand of the American authorities a delay in construction of the Garrison Diversion Unit until the International Joint Commission comes up with its recommendations and until accompanying guarantees of implementation from the U.S. Government are given that their obligations under the Boundary Waters Treaty are upheld;

BE IT FURTHER RESOLVED that the Government of Manitoba give consideration to the advisability of setting up a special task force on the Garrison Diversion Unit to present a comprehensive

review of the severe harmful effects this project will have on Manitoba to the International Joint Commission public hearings;

BE IT FURTHER RESOLVED that a special task force on the Garrison Diversion Unit will ensure that every community potentially affected by the completed project knows the dangers involved; that every community potentially affected by the completed project knows what actions must be taken to lessen the harmful effects; that all industries, community organizations and private citizens be made aware of the potential harmful effects of the project if completed.

And the Proposed Motion of Hon. Mr. GREEN in amendment thereto:

THAT the Resolution be amended by deleting all the words following the word "WHEREAS" in the first paragraph thereof and substituting therefor the following:

"pursuant to action initiated by the Province of Manitoba in January of 1970 the Government of Canada referred the issue of an alleged potential violation of the Boundary Waters Treaty, by virtue of the Garrison Diversion irrigation unit in the United States, to the International Joint Commission;

AND WHEREAS the said alleged violation is presently pending before the International Joint Commission;

AND WHEREAS it is desirable that there be no question as to the support of the Government of Manitoba in its presentation before the International Joint Commission and its action with respect to the Garrison Diversion unit;

THEREFORE BE IT RESOLVED:

1. THAT this House confirms and endorses those steps taken by the Government of Manitoba designed to place the Province in the most favourable position before the International Joint Commission, namely,
  - (a) in continued use of reasonable diplomatic means to deal with this problem and in obtaining progress through the use of such means;
  - (b) in accepting the validity of the undertakings given by the United States Government and the Government of North Dakota;
  - (c) in encouraging the documentation of Manitoba's complaints by sources in the United States and in Canada;
  - (d) in the presentation of two briefs before the International Joint Commission;
  - (e) in maintaining solidarity with and in not undermining the Canadian Government in its external relations.
2. THAT this House endorses the action of the Manitoba Government in resisting the taking of such steps as would have jeopardized the position of the Province, namely:

- (a) by not considering the matter satisfactorily resolved upon receipt of the American undertaking and continuing to prepare ourselves to deal with arguments which would be made over the use of the words "pollution" and "injury" as used in the Treaty;
- (b) by refusing to adopt grand-stand and fruitless advice to sue the United States Government, either in a United States court or a Canadian court;
- (c) by refusing to involve the Government of Manitoba in the internal politics of the United States by opposing aspects of the Garrison Diversion which the United States undertook would not involve the Red and Souris Rivers;
- (d) by refusing the temptation of demanding compensation as a appropriate remedy for problems which would arise in Canada;
- (e) by refusing to deem as acceptable the proceeding with the diversion by the United States if full compliance with the International Joint Commission Study Board report recommendations were guaranteed."

And the Proposed Motion of Mr. ENNS in further amendment thereto:

THAT the proposed amendment be amended by deleting all words after the word "Commission" in the first "WHEREAS" and stating thereafter the following:

"THEREFORE BE IT RESOLVED that this Legislature takes the position that no water, regardless of stated quality, from the Garrison Diversion be allowed to enter the natural watercourses of Manitoba."

And the debate continuing on the Sub-amendment,

And Mr. AXWORTHY continuing his address,

And Hon. Messrs. URUSKI, BOYCE and Mr. JOHANNSON having spoken,

And the Question being put on the Sub-amendment,

It was resolved in the negative on the following division:

Written briefs were distributed on behalf of the following or-  
ganizations:  
The Widows and Widowers Group

Family Services of Winnipeg, Inc.

Family Law Sub-section, Manitoba Division of the Canadian Bar Association

Of the briefs presented to the Committee, most expressed support for the Law Reform Commission's recommendations generally, but were opposed to the following recommendations specifically:

1. Relieving parents of responsibility to support and maintain an unmanageable child.
2. Fixing a common-law spouse with secondary responsibility for support and maintenance of the other spouse's child; the briefs suggested that the province should assume this kind of responsibility.
3. "Fault" as a factor in determining spousal maintenance.
4. "Deferred" sharing of assets; the briefs favoured instantaneous sharing.
5. Unilateral contracting out of standard marital regime as to prior assets, with retroactive effect.

Your Committee met on February 3, 8, 15 and 22, 1977; and March 1, 1977 to consider the recommendations of the Manitoba Law Reform Commission. Except as noted below, there was general concurrence among committee members with the Family Law recommendations of the Manitoba Law Reform Commission.

1. Parents to be relieved of responsibility for support and maintenance of unmanageable child. (Page 111, para. 4)

There was concern that, under the recommendation, the province might well find itself saddled with the expense of supporting a child of wealthy parents.

2. Right of one spouse to information relating to the income, etc., of the other spouse. (Page 114, para. 1)

There was concern that in some cases it might well be impossible for a spouse to comply with the recommendation without disclosing information as to the personal income, etc., of the spouse's business partners.

3. Obligation of one spouse to consult with the other spouse before any expenditure of income. (Page 114, para. 2)

There was concern that this recommendation might be extremely onerous in practice.

4. Right of each spouse to personal allowances. (Page 114, para. 3)

Some committee members thought that this recommendation might have a restrictive and generally undesirable effect in many cases, if strictly adhered to.

5. Fault, as a factor in determining maintenance. (Page 116, para. 4h)

Some committee members were concerned that the "fault" approach being advocated in maintenance may create hardship and unnecessary friction in the family.

6. Application of maintenance provisions to common-law unions. (Page 116, para. 5)

Some committee members were concerned that this recommendation might have gone too far in broadening the existing provision on the same subject in the Wives' and Children's Maintenance Act.

7. Homestead definition. (Page 121, para. 1)

The question was raised as to whether this definition ought to remain the same, particularly in terms of the amount of land that should be considered appurtenant to a homestead dwelling.

8. Independent legal advice in completing agreements to contract out of the standard marital regime. (Page 121, para. 3)

There was concern about the requirement for two separate lawyers that this recommendation appeared to imply.

9. Deferred sharing of post-nuptial property. (Page 124, para. 1)

There was considerable discussion about the feasibility of extending the definition of marital assets to include property being used by the family unit, such as furniture, automobiles, summer homes, etc.

10. Filing of "contracting-out" agreement in public registry. (Page 124, para. 3b)

Committee members felt that many persons would not wish to have particulars of their personal domestic affairs available for public scrutiny.

11. Shareable estate of a spouse never to be reduced to a negative value by debts and liabilities. (Page 125, para. 10)

Some members queried the justification for requiring a spouse to share all with the other spouse, but not losses that happen to accumulate to exceed the net value of the accumulated assets.

12. Accountability of a spouse for assets squandered during preceding six years. (Page 128, para. 21)

There was concern about the difficulty of defining "squandered assets", whether it was correct in principle to require this kind of accountability, and whether the period of accountability should be six years.

13. Recovery of excessive gifts within six years. (Page 129, para. 22)

There was concern that this recommendation went beyond the point of a mere accounting as between spouses and could actually prevent title from passing to the recipient of a gift, and that the recipient might therefore not know for years whether or not the gift would have to be returned.

14. Unilateral opting out of standard marital regime in its retro-active application to prior assets. (Page 131, para. 27c and page 133, para. 31b)

There was concern that this recommendation would permit a spouse to determine without the consent of the other spouse that certain assets would not be shared, and that the recommendation appeared to go contrary to the general equal-sharing principle of the standard marital regime.

15. Maximum time allowable by a court for paying off the amount of a judgment for an equalizing payment. (Page 125, para. 11)

Instead of the five years recommended by the Commission, the committee agreed that no specific time limit should be imposed by legislation, and the court should have full discretion to determine the time limit, if any, in each case.

16. Court's discretion to extend the limitation period for commencing an action for an equalizing payment. (Page 130, para. 25)

Instead of the unfettered discretion recommended by the Commission to allow an action after expiry of the specified limitation period, the committee agreed that the court should have no discretion to extend the limitation period beyond six years from the date when the right of action arose.

The Committee recommends that the Attorney-General proceed to submit a Bill to the Legislature dealing with the principles discussed in Committee, reserving and recognizing the right of each member to debate and/or propose amendments to any particular proposal or section in the Bill.

The Order of the Day being read for consideration of the Proposed Motion of Mr. JOHNSTON (Portage):

8. WHEREAS Manitoba Agricultural Credit Corporation purchases land from farmers,

AND WHEREAS Manitoba Agricultural Credit Corporation leases this land to qualifying farmers,

WHEREAS the lessee or lessor can terminate the lease at any time, giving due notice,

AND WHEREAS the leasing of land from Manitoba Agricultural Credit Corporation is subject to certain conditions,

WHEREAS the lessee has the option to buy this land at any time after five (5) years of leasing,

AND WHEREAS many farmers are understandably apprehensive about making improvements on rented land,

THEREFORE BE IT RESOLVED that the government consider the advisability of amending the Manitoba Agricultural Credit Corporation's land lease program to allow the farmer to purchase the land at any time after one (1) year of leasing;

AND BE IT FURTHER RESOLVED that this House recommend that any municipal taxes lost as a result of the land purchase activities of the Corporation in the municipality be made up by a grant in lieu of these taxes.

And the Proposed Motion of Mr. ADAM in amendment thereto:

THAT Resolution No. 8 be amended by deleting everything following the fourth line, and that the following be inserted:

“WHEREAS the land lease program has been beneficial to many Manitoba farmers;

AND WHEREAS recent amendments announced by the Minister of Agriculture have further improved the program;

---

Mr. PATRICK moved:

9. WHEREAS many provincially-funded day care centres are operating under a large deficit and will have to close their doors unless more generous maintenance grants are made;

AND WHEREAS the Provincial Government's response to alleviate the problem by increasing the per diem rate from five (5) dollars to six (6) dollars per child is an insufficient amount to solve the large deficits faced by many day care centres;

THEREFORE BE IT RESOLVED that the Government of Manitoba consider the advisability of instituting a more generous maintenance grant system for the provincially-funded day care centres which would have the effect of helping existing centres in financial trouble and encouraging new centres to be established where the need exists.

And a debate arising,

And Messrs. PATRICK and JOHANNSON having spoken,

The debate was suspended in accordance with Rule 22.

---

At 8:00 p.m., the Chairman of the Committee of Supply returned to the Chair.

PRAYERS.

The Petition of:

The Winnipeg Bible College, Praying for the passing of An Act to amend An Act to incorporate "Winnipeg Bible Institute and College of Theology".

(*Mr. Derewianchuk*)

Was presented.

---

Before the Orders of the Day, Mr. Speaker made the following statement:

"On Monday, March 21st, 1977, there appeared on the Order Paper in the name of the Honourable Member for Assiniboia, a motion for the introduction of a Bill (No. 36) — An Act to amend The Employment Standards Act. Prior to its introduction, the Honourable Minister of Labour rose on a point of order regarding the admissibility of the motion. He pointed out that the throne speech contained the following statement:

"Legislation will be introduced to deal fairly with the matters of hours of operation and overtime work which have created problems to employer and employee in the province."

He referred to our Rule 31, which states, in part, as follows:

"31. No member shall . . . . . anticipate a matter appointed for consideration or of which notice has been given."

Since I was not in possession of the Bill proposed by the Honourable Member for Assiniboia, nor am I aware of the scope of the legislation to be introduced by the Honourable Minister of Labour, I agreed to take the matter under advisement.

On Tuesday, March 22nd, 1977, I asked the Honourable Member for Assiniboia to provide the House with an explanation of the purport of the Bill. He stated that the main thrust of the Bill dealt with hours of work and overtime.

In searching the journals of the House, I find, that, on April 1st, 1968, the Honourable Member for Swan River, in his capacity as Speaker of this Assembly, ruled out of order a motion by the Honourable Member for St. Johns, who proposed for first reading Bill (No. 56) — An Act to amend The Election Act. In presenting his ruling to the House, Mr. Speaker Bilton said:

“In my opinion he is anticipating a matter already appointed for consideration by the Speech from the Throne which reads as follows:

‘Certain amendments to The Election Act which have already received the attention of the Legislative Assembly will now be brought before you for further consideration.’”

Reference was made to our Rule 31, which remains unchanged. Citation 131, Beauchesne’s 4th Edition, and page 403 of May’s 16th Edition. Mr. Speaker Bilton went on to say:

“In the light of this information, it leaves me no alternative but to rule the motion out of order.”

The ruling was accepted by the House, without division.

Citation 69 (2), Beauchesne’s 4th Edition, states:

“Speaker’s rulings, once given, belong to the House which under Standing Order 12 is free to reject them. If they are accepted without appeal, or confirmed by an appeal, they become precedents and form part of the rules of procedure. The Speaker is not vested with the power to alter them of his own accord.

If they have been given under misrepresentation, the House itself, and not the Speaker should take the initial steps to avoid the consequences or implications.”

In view of the similarity of circumstances between the situation as it existed as mentioned in 1968, and the motion as presented by the Honourable Member for Assiniboia, I am of the opinion that I am bound by the customs and procedures of the House and must, therefore, rule the motion, as proposed by the Honourable Member for Assiniboia, out of order.”

---

Mr. BLAKE moved (As corrected):

10. WHEREAS approximately 160 recreational facilities (community arenas, etc.) across Manitoba have been seriously affected economically by the recent introduction of demand metering policies by Manitoba Hydro;

AND WHEREAS the demand metering policies of Manitoba Hydro are causing economic and social hardships as public recreational facilities attempt to meet the enormous increased costs of heat, light and water bills;

AND WHEREAS the Government of Manitoba has encouraged rural and urban communities to construct, rebuild or remodel recreational facilities, without advice or indication that these facilities would be placed in an unfavourable financial position due to increased Hydro rates;

AND WHEREAS many recreational facilities may be forced to restrict operations or in some cases close their doors, due to the demand metering policies of Manitoba Hydro;

THEREFORE BE IT RESOLVED, that the Government of Manitoba consider the advisability of requesting that Manitoba Hydro adjust its rate charges so that all recreational facilities in Manitoba be charged a flat rate or a more feasible and sensible rate, based on the amount of hydro electric energy actually consumed in the premises.

And a debate arising,

And Messrs. BLAKE and SHAFRANSKY having spoken,

Mr. SHAFRANSKY moved in amendment:

THAT Resolution No. 10 be amended by deleting every word after the first word Whereas,

AND by inserting the following:

WHEREAS, the New Democratic Government of Manitoba is to be congratulated for its programmes to build, renovate and add to recreation facilities in Manitoba, particularly in rural and northern areas which have traditionally been lacking in such facilities, and

WHEREAS, Manitoba Hydro is to be congratulated in maintaining energy rates among the lowest in Canada according to Statistics Canada comparisons, and

WHEREAS the policy of demand metering although justifiable as a conservation ethic may cause some problem of adjustment to new methods of managing energy load,

BE IT RESOLVED THAT, the Government of Manitoba consider the advisability of providing an open annual subsidy for maintenance of public recreation facilities which are community owned and operated.

And the debate continuing on the amendment,

And Mr. ENNS having spoken,

The debate was suspended in accordance with Rule 22.

The Order of the Day being read for consideration of the Proposed Motion of Mr. PATRICK:

4. WHEREAS the cost of living has risen significantly in the last year in Manitoba and those citizens who are over 65 and living on fixed incomes have no way of making their income meet the ever rising cost of living;

AND WHEREAS more than half of Canada's senior citizens are living at or below the poverty line;

THEREFORE BE IT RESOLVED that the government consider the advisability of amending immediately the present income supplement program for senior citizens 65 years and over, whereby their income would be guaranteed at \$300. per month per person or \$500. per month per couple;

AND BE IT FURTHER RESOLVED that this House request the federal government to share the cost of this supplement program.

And the Proposed Motion of Mr. JOHANNSON in amendment thereto:

THAT the Proposed Resolution No. 4 be amended by striking out every word after the first word "WHEREAS" and inserting the following:

"the federal government has the primary responsibility for social security programs for the elderly;

AND WHEREAS Manitoba has nevertheless pioneered in the provision of services to the elderly, including home care, insured nursing homes and income supplements to the elderly;

AND WHEREAS Canada is providing no financial support for the elderly's income supplement, and is offering support for home care and nursing homes that is so limited as to threaten future development;

THEREFORE BE IT RESOLVED that this House urge the federal government to assist the province in further expanding its services to the elderly by meeting 50% of the cost of these programs."

And the debate continuing,

And Mr. PATRICK having spoken,

And the Question being put on the Amendment,

It was agreed to.

And the Question being put on the Main Motion, as amended,

It was agreed to.

---

The Order of the Day being read for consideration of the Proposed Motion of Mr. PATRICK:

5. WHEREAS it is of prime importance to the citizens of Manitoba that good housing be provided in adequate supply at fair cost;

AND WHEREAS there is a necessity for a comprehensive policy affecting all aspects of the housing market;

AND WHEREAS there is presently a fragmented approach in the Government's housing policy;

BE IT THEREFORE RESOLVED that this House consider the advisability of establishing a separate Department of Housing;

AND BE IT FURTHER RESOLVED that a separate Department of Housing under its own Minister, would consolidate the government activities relating to land supply, labour supply, financing, social co-op and non-profit housing and marketing;

AND BE IT FURTHER RESOLVED that a Department of Housing would establish a separate Housing Loan Fund for applying public capital to housing mortgages, municipal land servicing and repair programs; and that such a department would provide financial and technical resources to community organizations for purposes of creating new housing enterprises.

And the debate continuing,

And Hon. Mr. TOUPIN having spoken,

And the Question being put,

It was resolved in the negative.

---

Mr. AXWORTHY moved:

11. WHEREAS rebuilding the inner core of the City of Winnipeg is more productive, both economically and socially, than public works;

AND WHEREAS by offering to residents and city officials of the inner city community financial incentives for the form of physical renewal they would choose themselves is more effective than programs chosen for them by the provincial government because it builds a sense of confidence and self-respect in the community;

AND WHEREAS a major emphasis of any inner city renewal program must be to provide financial assistance to inner city residents for upgrading programs so they can assume responsibility for their own renewal;

THEREFORE BE IT RESOLVED that the Government of Manitoba consider the advisability of enacting legislation to:

- 1) Create Community Economic Development Corporations to initiate the development of new housing, start up of new businesses, repair of older commercial areas, with the objective of becoming economically self-sufficient;
- 2) Establish and fund an Urban Development Bank to approve loans and grants for each project under the Community Economic Development program, and to provide assistance with technical skills; this Urban Development Bank would also provide loans and grants to the City of Winnipeg for improvements in streets and open areas and for establishment of new public facilities and services;
- 3) Establish a Home Repair Program, funded with loans and grants from the Urban Development Bank, with the express purpose of home repair and purchase of older buildings in the inner city.

And a debate arising.

And Mr. AXWORTHY having spoken.

The debate was suspended in accordance with Rule 22.

The Order of the Day being read for consideration of the Proposed Motion of Mr. PATRICK:

9. WHEREAS many provincially-funded day care centres are operating under a large deficit and will have to close their doors unless more generous maintenance grants are made;

AND WHEREAS the Provincial Government's response to alleviate the problem by increasing the per diem rate from five (5) dollars to six (6) dollars per child is an insufficient amount to solve the large deficits faced by many day care centres;

THEREFORE BE IT RESOLVED that the Government of Manitoba consider the advisability of instituting a more generous maintenance grant system for the provincially-funded day care centres which would have the effect of helping existing centres in financial trouble and encouraging new centres to be established where the need exists.

And the debate continuing,

And Hon. Mr. DESJARDINS having spoken,

Hon. Mr. DESJARDINS moved in amendment:

THAT the Resolution be amended by deleting all the words after the first word "WHEREAS," and that the following words be inserted:

the Manitoba Child Day Care Program has shown dramatic growth since its introduction in September, 1974, and provincially funded day care centres now provide care for more than 5,000 children in 165 day care centres and 200 family day care homes;

AND WHEREAS the government of Manitoba has responded to the growing need for day care services by implementing one of the most generous funding mechanisms for day care in Canada;

AND WHEREAS Manitoba is the only province to provide day care centres with annual maintenance grants and whereas the federal government's agreement to share in the cost of these grants is the direct result of the Manitoba government's strong urging;

AND WHEREAS the cost of day care services to Manitoba families has remained one of the lowest in Canada due to the government's maintenance grant to day care centres;

THEREFORE BE IT RESOLVED that this House recognizing the need for continued efforts to improve and extend services designed to facilitate working parents, approves of the leadership and initiative which have been taken and which have made Manitoba the only province in Canada to introduce a universal component in the funding of child care services and urges the Federal government to extend its cost sharing to cover 50% of the cost of the universal maintenance grants.

And the Question being put on the Amendment,

It was agreed to.

And the Question being put on the Main Motion, as amended,

It was agreed to.

His Honour, F. L. JOBIN, Esquire, Lieutenant-Governor of the Province of Manitoba, having entered the House at 5:00 p.m., and being seated on the THRONE:

Mr. SPEAKER addressed His Honour in the following words:

"We, Her Majesty's dutiful and faithful subjects, the Legislative Assembly of Manitoba in session assembled, approach Your Honour with sentiments of unfeigned devotion and loyalty to Her Majesty's person and Government, and beg for Your Honour the acceptance of this Bill:

(No. 23) — An Act for Granting to Her Majesty Certain Sums of Money for the Public Service of the Province for the Fiscal Year Ending the 31st day of March, 1978."

To this Bill the Royal Assent was announced by the Clerk in the following words:

"HIS HONOUR THE LIEUTENANT-GOVERNOR DOTH THANK HER MAJESTY'S DUTIFUL AND LOYAL SUBJECTS, ACCEPTS THEIR BENEVOLENCE, AND ASSENTS TO THIS BILL IN HER MAJESTY'S NAME."

At 5:05 p.m., His Honour the Lieutenant-Governor was pleased to retire.

The Order of the Day being read for consideration of the Proposed Motion of Mr. BLAKE:

10. WHEREAS approximately 160 recreational facilities (community arenas, etc.) across Manitoba have been seriously affected economically by the recent introduction of demand metering policies by Manitoba Hydro;

AND WHEREAS the demand metering policies of Manitoba Hydro are causing economic and social hardships as public recreational facilities attempt to meet the enormous increased costs of heat, light and water bills;

AND WHEREAS the Government of Manitoba has encouraged rural and urban communities to construct, rebuild or remodel recreational facilities, without advice or indication that these facilities would be placed in an unfavourable financial position due to increased Hydro rates;

AND WHEREAS many recreational facilities may be forced to restrict operations or in some cases close their doors, due to the demand metering policies of Manitoba Hydro;

THEREFORE BE IT RESOLVED, that the Government of Manitoba consider the advisability of requesting that Manitoba Hydro adjust its rate charges so that all recreational facilities in Manitoba be charged a flat rate or a more feasible and sensible rate, based on the amount of hydro electric energy actually consumed in the premises.

And the Proposed Motion of Mr. SHAFRANSKY in amendment thereto:

THAT Resolution No. 10 be amended by deleting every word after the first word Whereas,

AND by inserting the following:

WHEREAS, the New Democratic Government of Manitoba is to be congratulated for its programmes to build, renovate and add to recreation facilities in Manitoba, particularly in rural and northern areas which have traditionally been lacking in such facilities, and

WHEREAS, Manitoba Hydro is to be congratulated in maintaining energy rates among the lowest in Canada according to Statistics Canada comparisons, and

WHEREAS the policy of demand metering although justifiable as a conservation ethic may cause some problem of adjustment to new methods of managing energy load,

BE IT RESOLVED THAT, the Government of Manitoba consider the advisability of providing an open annual subsidy for maintenance of public recreation facilities which are community owned and operated.

And the debate continuing on the amendment,

And Hon. Mr. URUSKI and Mr. MINAKER having spoken,

And Mr. HENDERSON speaking at 5:30 p.m.,

The debate was suspended in accordance with Rule 22.

The Order of the Day being read for consideration of the Proposed Motion of Mr. AXWORTHY:

11. WHEREAS rebuilding the inner core of the City of Winnipeg is more productive, both economically and socially, than public works;

AND WHEREAS by offering to residents and city officials of the inner city community financial incentives for the form of physical renewal they would choose themselves is more effective than programs chosen for them by the provincial government because it builds a sense of confidence and self-respect in the community;

AND WHEREAS a major emphasis of any inner city renewal program must be to provide financial assistance to inner city residents for upgrading programs so they can assume responsibility for their own renewal;

THEREFORE BE IT RESOLVED that the Government of Manitoba consider the advisability of enacting legislation to:

- 1) Create Community Economic Development Corporations to initiate the development of new housing, start up of new businesses, repair of older commercial areas, with the objective of becoming economically self-sufficient;
- 2) Establish and fund an Urban Development Bank to approve loans and grants for each project under the Community Economic Development program, and to provide assistance with technical skills; this Urban Development Bank would also provide loans and grants to the City of Winnipeg for improvements in streets and open areas and for establishment of new public facilities and services;
- 3) Establish a Home Repair Program, funded with loans and grants from the Urban Development Bank, with the express purpose of home repair and purchase of older buildings in the inner city.

Mr. AXWORTHY moved:

12. WHEREAS the most effective way to renew the downtown core of Winnipeg is through economic upgrading rather than the construction of new buildings;

AND WHEREAS the emphasis on any renewal program must be on breaking through the vicious circle of poverty and enabling people on low income to gain a measure of self-sufficiency and respect through employment;

AND WHEREAS present provincial efforts are of a make work variety with no long term benefit;

THEREFORE BE IT RESOLVED that the Government of Manitoba consider the advisability of enacting legislation to provide jobs, employment and training of new skills for inner city residents by instituting tax incentives to private employers for the hiring and training of workers from the inner city, with particular emphasis on the unskilled young people.

And a debate arising,

And Mr. AXWORTHY, Hon. Mr. DOERN, Messrs. SHERMAN and MALINOWSKI having spoken,

Mr. MALINOWSKI moved in amendment:

THAT the Resolution be amended by deleting all the words after the first word "Whereas" in the first line and substituting therefor:

Unemployment is a serious national problem affecting both urban and rural areas in all regions of the country;

AND WHEREAS national forecasts indicate that this problem will worsen in the months to come without action by the Liberal federal government;

AND WHEREAS the Liberal federal government has not acted in an adequate and effective way to establish new programs to create jobs;

THEREFORE BE IT RESOLVED that all parties represented in the Legislative Assembly of Manitoba join in calling on the Liberal Government of Canada to announce new measures as soon as possible to deal with the unemployment problem now facing all regions of the country.

The Order of the Day being read for consideration of the Proposed Motion of Mr. JOHNSTON (Portage):

8. WHEREAS Manitoba Agricultural Credit Corporation purchases land from farmers,

AND WHEREAS Manitoba Agricultural Credit Corporation leases this land to qualifying farmers,

WHEREAS the lessee or lessor can terminate the lease at any time, giving due notice,

AND WHEREAS the leasing of land from Manitoba Agricultural Credit Corporation is subject to certain conditions,

WHEREAS the lessee has the option to buy this land at any time after five (5) years of leasing,

AND WHEREAS many farmers are understandably apprehensive about making improvements on rented land,

THEREFORE BE IT RESOLVED that the government consider the advisability of amending the Manitoba Agricultural Credit Corporation's land lease program to allow the farmer to purchase the land at any time after one (1) year of leasing;

AND BE IT FURTHER RESOLVED that this House recommend that any municipal taxes lost as a result of the land purchase activities of the Corporation in the municipality be made up by a grant in lieu of these taxes.

And the Proposed Motion of Mr. ADAM in amendment thereto:

THAT Resolution No. 8 be amended by deleting everything following the fourth line, and that the following be inserted:

The Order of the Day being read for consideration of the Proposed Motion of Mr. BLAKE:

10. WHEREAS approximately 160 recreational facilities (community arenas, etc.) across Manitoba have been seriously affected economically by the recent introduction of demand metering policies by Manitoba Hydro;

AND WHEREAS the demand metering policies of Manitoba Hydro are causing economic and social hardships as public recreational facilities attempt to meet the enormous increased costs of heat, light and water bills;

AND WHEREAS the Government of Manitoba has encouraged rural and urban communities to construct, rebuild or remodel recreational facilities, without advice or indication that these facilities would be placed in an unfavourable financial position due to increased Hydro rates;

AND WHEREAS many recreational facilities may be forced to restrict operations or in some cases close their doors, due to the demand metering policies of Manitoba Hydro;

THEREFORE BE IT RESOLVED, that the Government of Manitoba consider the advisability of requesting that Manitoba Hydro adjust its rate charges so that all recreational facilities in Manitoba be charged a flat rate or a more feasible and sensible rate, based on the amount of hydro electric energy actually consumed in the premises.

And the Proposed Motion of Mr. SHAFRANSKY in amendment thereto:

THAT Resolution No. 10 be amended by deleting every word after the first word Whereas,

AND by inserting the following:

WHEREAS, the New Democratic Government of Manitoba is to be congratulated for its programmes to build, renovate and add to recreation facilities in Manitoba, particularly in rural and northern areas which have traditionally been lacking in such facilities, and

WHEREAS, Manitoba Hydro is to be congratulated in maintaining energy rates among the lowest in Canada according to Statistics Canada comparisons, and

WHEREAS the policy of demand metering although justifiable as a conservation ethic may cause some problem of adjustment to new methods of managing energy load,

BE IT RESOLVED THAT, the Government of Manitoba consider the advisability of providing an open annual subsidy for maintenance of public recreation facilities which are community owned and operated.

And the debate continuing on the amendment,

And Mr. HENDERSON continuing his address,

And Messrs. JOHANNSON, McKENZIE, Hon. Mr. TOUPIN and Mr. PATRICK having spoken,

The debate was suspended in accordance with Rule 22.

---

The House then adjourned at 5:30 p.m. until 2:30 p.m. tomorrow.

Mr. MINAKER, for Mr. CRAIK, moved:

13. WHEREAS improved energy conservation measures are imperative for the economic as well as resource conservation interests of Manitoba;

AND WHEREAS governments must provide leadership to encourage individual as well as collective conservation measures;

AND WHEREAS this government of Manitoba is currently providing little more than lip service to energy conservation guidance and persistently carries on negative conservation economic measures;

THEREFORE BE IT RESOLVED that consideration be given to the advisability of formulating a policy that would:

1. prohibit the assessment for property tax purposes of any dwelling or other heated structure from being increased because of energy conservation measures in construction which would exceed the Manitoba Building Code and other normal construction standards;
2. prohibit the assessment for property tax purposes of any dwelling or other heated structure from being increased because of renewable energy collection devices, such as solar collectors and wind harnessing devices, which may be added to or form an integral part of a structure;
3. remove the provincial sales tax from all insulating materials and energy conservation products that recognizably improve energy utilization efficiency;
4. provide incentives for the upgrading of existing buildings and other energy consuming modes which can recognizably reduce energy consumption;
5. provide more adequate financial assistance or incentives for research and development in the field of energy conservation and utilization, etc.

---

The Order of the Day being read for consideration of the Proposed Motion of Mr. AXWORTHY:

11. WHEREAS rebuilding the inner core of the City of Winnipeg is more productive, both economically and socially, than public works;

AND WHEREAS by offering to residents and city officials of the inner city community financial incentives for the form of physical renewal they would choose themselves is more effective than programs chosen for them by the provincial government because it builds a sense of confidence and self-respect in the community;

AND WHEREAS a major emphasis of any inner city renewal program must be to provide financial assistance to inner city residents for upgrading programs so they can assume responsibility for their own renewal;

THEREFORE BE IT RESOLVED that the Government of Manitoba consider the advisability of enacting legislation to:

- 1) Create Community Economic Development Corporations to initiate the development of new housing, start up of new businesses, repair of older commercial areas, with the objective of becoming economically self-sufficient;
- 2) Establish and fund an Urban Development Bank to approve loans and grants for each project under the Community Economic Development program, and to provide assistance with technical skills; this Urban Development Bank would also provide loans and grants to the City of Winnipeg for improvements in streets and open areas and for establishment of new public facilities and services;

- 3) Establish a Home Repair Program, funded with loans and grants from the Urban Development Bank, with the express purpose of home repair and purchase of older buildings in the inner city.

And Mr. JOHANNSON continuing his address,

And the Question being put,

It was resolved in the negative.

---

The Order of the Day being read for consideration of the Proposed Motion of Mr. AXWORTHY:

12. WHEREAS the most effective way to renew the downtown core of Winnipeg is through economic upgrading rather than the construction of new buildings;

AND WHEREAS the emphasis on any renewal program must be on breaking through the vicious circle of poverty and enabling people on low income to gain a measure of self-sufficiency and respect through employment;

AND WHEREAS present provincial efforts are of a make work variety with no long term benefit;

THEREFORE BE IT RESOLVED that the Government of Manitoba consider the advisability of enacting legislation to provide jobs, employment and training of new skills for inner city residents by instituting tax incentives to private employers for the hiring and training of workers from the inner city, with particular emphasis on the unskilled young people.

And the Proposed Motion of Mr. MALINOWSKI in amendment thereto:

THAT the Resolution be amended by deleting all the words after the first word "Whereas" in the first line and substituting therefor:

Unemployment is a serious national problem affecting both urban and rural areas in all regions of the country;

AND WHEREAS national forecasts indicate that this problem will worsen in the months to come without action by the Liberal federal government;

AND WHEREAS the Liberal federal government has not acted in an adequate and effective way to establish new programs to create jobs;

THEREFORE BE IT RESOLVED that all parties represented in the Legislative Assembly of Manitoba join in calling on the Liberal Government of Canada to announce new measures as soon as possible to deal with the unemployment problem now facing all regions of the country.

And the debate continuing on the Amendment,

And Mr. PATRICK, Hon. Mr. DOERN and Mr. JOHANNSON  
having spoken,

And Mr. JOHNSTON (Sturgeon Creek) speaking at 5:30 p.m.,

The debate was suspended in accordance with Rule 22.

## PRAYERS.

Hon. Mr. HANUSCHAK, a member of the Executive Council, presented:

Annual Report of the Manitoba Film Classification Board, 1975-1976.

*(Sessional Paper No. 86)*

---

The following Bills were, by leave, severally introduced, read a First Time and ordered for Second Reading on Wednesday next:

(No. 63) — An Act to amend The Water Resources Administration Act.

*(Hon. Mr. Green)*

(No. 64) — An Act to amend The Highway Traffic Act (4).

*(Hon. Mr. Boyce for Hon. Mr. Burtniak)*

(No. 50) — An Act to amend The Payment of Wages Act.

*(Hon. Mr. Paulley)*

(No. 65) — An Act to amend The Employment Standards Act (2).

*(Hon. Mr. Paulley)*

---

Hon. Mr. TOUPIN moved:

THAT Bill (No. 14) — An Act to amend The Landlord and Tenant Act, be now read a Second Time.

And a debate arising,

And Hon. Mr. TOUPIN having spoken,

The debate was, on motion of Mr. WILSON, adjourned.

---

Hon. Mr. PAWLEY moved:

THAT Bill (No. 16) — An Act to amend The Garage Keepers Act, be now read a Second Time.

And a debate arising,  
And Hon. Mr. PAWLEY having spoken,  
The debate was, on motion of Mr. FERGUSON, adjourned.

---

Hon. Mr. USKIW moved that Mr. Speaker do now leave the Chair for the House in Committee of Supply.

And the Question being put,  
It was agreed to.

The House accordingly resolved itself into Committee of Supply.

#### IN THE COMMITTEE

The following Resolution was adopted:

96. RESOLVED that there be granted to HER MAJESTY a sum not exceeding FOUR MILLION, FIVE HUNDRED AND TWO THOUSAND, THREE HUNDRED DOLLARS for NORTHERN AFFAIRS:

ENGINEERING SERVICES  
AND CONSTRUCTION ..... \$4,502,300.00

For the Fiscal Year ending the 31st day of March, 1978.

And the House continuing in Committee,

The proceedings were interrupted at 4:30 p.m. for Private Members' Hour.

---

The Order of the Day being read for consideration of the Proposed Motion of Mr. JOHNSTON (Portage), as amended:

8. WHEREAS Manitoba Agricultural Credit Corporation purchases land from farmers,

AND WHEREAS Manitoba Agricultural Credit Corporation leases this land to qualifying farmers,

WHEREAS the land lease program has been beneficial to many Manitoba farmers;

AND WHEREAS recent amendments announced by the Minister of Agriculture have further improved the program;

THEREFORE BE IT RESOLVED that this House commend the Minister of Agriculture for the achievements made under the Land Lease Program.

And Mr. JOHANNSON having spoken,  
And the Question being put,  
It was resolved in the negative.

---

The Order of the Day being read for consideration of the Proposed Motion of Mr. BLAKE:

10. WHEREAS approximately 160 recreational facilities (community arenas, etc.) across Manitoba have been seriously affected economically by the recent introduction of demand metering policies by Manitoba Hydro;

AND WHEREAS the demand metering policies of Manitoba Hydro are causing economic and social hardships as public recreational facilities attempt to meet the enormous increased costs of heat, light and water bills;

AND WHEREAS the Government of Manitoba has encouraged rural and urban communities to construct, rebuild or remodel recreational facilities, without advice or indication that these facilities would be placed in an unfavourable financial position due to increased Hydro rates;

AND WHEREAS many recreational facilities may be forced to restrict operations or in some cases close their doors, due to the demand metering policies of Manitoba Hydro;

THEREFORE BE IT RESOLVED, that the Government of Manitoba consider the advisability of requesting that Manitoba Hydro adjust its rate charges so that all recreational facilities in Manitoba be charged a flat rate or a more feasible and sensible rate, based on the amount of hydro electric energy actually consumed in the premises.

And the Proposed Motion of Mr. SHAFRANSKY in amendment thereto:

THAT Resolution No. 10 be amended by deleting every word after the first word Whereas,

AND by inserting the following:

WHEREAS, the New Democratic Government of Manitoba is to be congratulated for its programmes to build, renovate and add to recreation facilities in Manitoba, particularly in rural and northern areas which have traditionally been lacking in such facilities, and

WHEREAS, Manitoba Hydro is to be congratulated in maintaining energy rates among the lowest in Canada according to Statistics Canada comparisons, and

WHEREAS the policy of demand metering although justifiable as a conservation ethic may cause some problem of adjustment to new methods of managing energy load,

BE IT RESOLVED THAT, the Government of Manitoba consider the advisability of providing an open annual subsidy for maintenance of public recreation facilities which are community owned and operated.

And the debate continuing on the amendment,

And Mr. FERGUSON having spoken,

And the Question being put on the Amendment,

It was resolved in the affirmative on the following division:

The Order of the Day being read for consideration of the Proposed Motion of Mr. CRAIK:

13. WHEREAS improved energy conservation measures are imperative for the economic as well as resource conservation interests of Manitoba;

AND WHEREAS governments must provide leadership to encourage individual as well as collective conservation measures;

AND WHEREAS this government of Manitoba is currently providing little more than lip service to energy conservation guidance and persistently carries on negative conservation economic measures;

THEREFORE BE IT RESOLVED that consideration be given to the advisability of formulating a policy that would:

1. prohibit the assessment for property tax purposes of any dwelling or other heated structure from being increased because of energy conservation measures in construction which would exceed the Manitoba Building Code and other normal construction standards;
2. prohibit the assessment for property tax purposes of any dwelling or other heated structure from being increased because of renewable energy collection devices, such as solar collectors and wind harnessing devices, which may be added to or form an integral part of a structure;
3. remove the provincial sales tax from all insulating materials and energy conservation products that recognizably improve energy utilization efficiency;
4. provide incentives for the upgrading of existing buildings and other energy consuming modes which can recognizably reduce energy consumption;
5. provide more adequate financial assistance or incentives for research and development in the field of energy conservation and utilization, etc.

And the debate continuing,

And Messrs. JOHANNSON and ENNS having spoken,

The debate was suspended in accordance with Rule 22.

The Order of the Day being read for consideration of the Proposed Motion of Mr. AXWORTHY:

12. WHEREAS the most effective way to renew the downtown core of Winnipeg is through economic upgrading rather than the construction of new buildings;

AND WHEREAS the emphasis on any renewal program must be on breaking through the vicious circle of poverty and enabling people on low income to gain a measure of self-sufficiency and respect through employment;

AND WHEREAS present provincial efforts are of a make work variety with no long term benefit;

THEREFORE BE IT RESOLVED that the Government of Manitoba consider the advisability of enacting legislation to provide jobs, employment and training of new skills for inner city residents by instituting tax incentives to private employers for the hiring and training of workers from the inner city, with particular emphasis on the unskilled young people.

And the Proposed Motion of Mr. MALINOWSKI in amendment thereto:

THAT the Resolution be amended by deleting all the words after the first word "Whereas" in the first line and substituting therefor:

Unemployment is a serious national problem affecting both urban and rural areas in all regions of the country;

AND WHEREAS national forecasts indicate that this problem will worsen in the months to come without action by the Liberal federal government;

AND WHEREAS the Liberal federal government has not acted in an adequate and effective way to establish new programs to create jobs;

THEREFORE BE IT RESOLVED that all parties represented in the Legislative Assembly of Manitoba join in calling on the Liberal Government of Canada to announce new measures as soon as possible to deal with the unemployment problem now facing all regions of the country.

And the debate continuing on the Amendment,

Hon. Mr. SCHREYER moved:

THAT an Humble Address in the following words be presented to Her Majesty on the occasion of the Twenty-fifth Anniversary of Her Majesty's reign:

To the Queen's Most Excellent Majesty:

Most Gracious Sovereign:

We, the Members of the Legislative Assembly of Manitoba in Session assembled, beg to offer our heartfelt congratulations on the happy completion of the twenty-fifth of the transforming years of Your Majesty's illustrious reign.

Having had the great pleasure and honour of several visits from Your Majesty, from the Prince Philip, Duke of Edinburgh, as well as from other members of the Royal Family during the period of your reign, we call to mind that Your Majesty has visited many parts of this great province, and has had opportunity to meet a broad and representative number of our people. We have happy memories of You and Your family being among us, and especially of the ease and grace in which you have made the Monarchy, Your Royal Person and Your Family well and affectionately known to us all.

Because of this living knowledge and also because we are deeply aware of the Crown as the centre of loyalty and of unity for our province and for our country we wish to assure you of our abiding loyalty and affection. You may be confident of the prayers of us all for the welfare of Your Majesty and of the Members of the Royal Family now and for the coming years, in which we pray you may very long reign over us in peace, serenity and gracious service to all Your peoples.

THAT the House resolve itself into a Committee to consider of Ways and Means for raising of the Supply to be granted to Her Majesty.

And the debate continuing,

And Mr. LYON having spoken,

Mr. LYON moved in amendment:

THAT the motion be amended by striking out all of the words after the word "THAT" in the first line of the motion, and substituting instead the following:

This House regrets that this Government,

1. has failed in this Budget to acknowledge the dual challenges to Government presented by the growing numbers of young people who are unable to find jobs and by the growing proportion of our population which is becoming aged; and
2. has failed to provide stimulus to the creation of jobs by the productive private sector of our economy, preferring instead to rely on temporary, Government make-work projects which do nothing to deal with the long term problems of the unemployed; and
3. has failed to review or constrain the increasing spending of Government or to adopt common sense priorities in the allocation of tax revenues and so is unable to make significant tax reductions or to control the growth of public debt thereby aggravating the continuing problem of inflation; and
4. has failed to provide leadership or direction to Manitoba for the future.

And the debate continuing on the Amendment,

And Mr. CHERNIACK having spoken,

The debate was, on motion of Mr. AXWORTHY, adjourned.

## PRAYERS.

The Petition of:

The Society of Industrial Accountants of Manitoba, Praying for the passing of An Act to amend An Act to incorporate The Society of Industrial Accountants of Manitoba.

(Mr. Shafransky)

Was read and received.

---

Hon. Mr. USKIW, a member of the Executive Council, presented:

Return to Order of the House (No. 5), on motion of Mr. JORGENSEN, dated March 2, 1977, for a Return showing:

Since 1969, how much land has been acquired by the Department of Agriculture for

- (a) Agricultural purposes
- (b) Other than agricultural purposes.

(Sessional Paper No. 97)

---

The House resumed the Adjourned Debate on the Proposed Motion of Hon. Mr. MILLER:

THAT the House resolve itself into a Committee to consider of Ways and Means for raising of the Supply to be granted to Her Majesty.

And the Proposed Motion of Mr. LYON in amendment thereto:

THAT the motion be amended by striking out all of the words after the word "THAT" in the first line of the motion, and substituting instead the following:

This House regrets that this Government,

1. has failed in this Budget to acknowledge the dual challenges to Government presented by the growing numbers of young people who are unable to find jobs and by the growing proportion of our population which is becoming aged; and

2. has failed to provide stimulus to the creation of jobs by the productive private sector of our economy, preferring instead to rely on temporary, Government make-work projects which do nothing to deal with the long term problems of the unemployed; and
3. has failed to review or constrain the increasing spending of Government or to adopt common sense priorities in the allocation of tax revenues and so is unable to make significant tax reductions or to control the growth of public debt thereby aggravating the continuing problem of inflation; and
4. has failed to provide leadership or direction to Manitoba for the future.

And the debate continuing on the Amendment,

And Mr. AXWORTHY having spoken,

Mr. AXWORTHY moved in further amendment:

THAT the amendment be further amended by adding the following:

5. That the Government has failed to apply effective measures to improve energy supply and upgrade conservation efforts having only talked of cosmetic measures and not bringing in concrete proposals which would show firm leadership in this most important field.
6. That government has ignored the needs of those who aspire to own their own homes, has failed to stimulate the production of an adequate supply of rental housing.
7. And that the Government has through lack of innovative programs and lack of concern, totally ignored the needs of the small business entrepreneurs of this province, and has not established an effective manpower, training program.

And the debate continuing on the sub-amendment,

And Messrs. JOHANNSON, JOHNSTON (Sturgeon Creek), Hon. Mr. PAWLEY, Messrs. ENNS and ADAM having spoken,

The debate was, on motion of Mr. GRAHAM, adjourned.

---

The House resumed the Adjourned Debate on the Proposed Motion of Hon. Mr. TOUPIN:

THAT Bill (No. 14) — An Act to amend The Landlord and Tenant Act, be now read a Second Time.

And the debate continuing,

And Mr. WILSON having spoken,

The debate was, on motion of Mr. PATRICK, adjourned.

---

Hon. Mr. PAULLEY moved:

THAT Bill (No. 50) — An Act to amend The Payment of Wages Act, be now read a Second Time.

And a debate arising,

And Hon. Mr. PAULLEY having spoken,

The debate was, on motion of Mr. SHERMAN, adjourned.

The Order of the Day being read for consideration of the Proposed Motion of Mr. MINAKER:

13. WHEREAS improved energy conservation measures are imperative for the economic as well as resource conservation interests of Manitoba;

AND WHEREAS governments must provide leadership to encourage individual as well as collective conservation measures;

AND WHEREAS this government of Manitoba is currently providing little more than lip service to energy conservation guidance and persistently carries on negative conservation economic measures;

THEREFORE BE IT RESOLVED that consideration be given to the advisability of formulating a policy that would:

1. prohibit the assessment for property tax purposes of any dwelling or other heated structure from being increased because of energy conservation measures in construction which would exceed the Manitoba Building Code and other normal construction standards;
2. prohibit the assessment for property tax purposes of any dwelling or other heated structure from being increased because of renewable energy collection devices, such as solar collectors and wind harnessing devices, which may be added to or form an integral part of a structure;
3. remove the provincial sales tax from all insulating materials and energy conservation products that recognizably improve energy utilization efficiency;
4. provide incentives for the upgrading of existing buildings and other energy consuming modes which can recognizably reduce energy consumption;
5. provide more adequate financial assistance or incentives for research and development in the field of energy conservation and utilization, etc.

And the debate continuing,

And Hon. Mr. GREEN and Mr. SHAFRANSKY having spoken,

Mr. SHAFRANSKY moved in amendment:

That Proposed Resolution No. 13 be amended by deleting all the words after the third "WHEREAS", and substituting the following:

AND WHEREAS the federal government has refused to extend, on a national basis to all provinces, support for energy conservation measures which it is financing in two Atlantic Provinces;

AND WHEREAS, despite this lack of federal support, the Manitoba Government has taken positive steps to affirm its readiness to co-operate in a national energy conservation program;

THEREFORE BE IT RESOLVED that this government be commended for its leadership in energy conservation by means of solid and practical programs, including:

1. its continued efforts to make available sources of plentiful renewable energy to present and future generations of Manitobans, thereby reducing Manitobans' reliance on dwindling supplies of non-renewable energy sources from outside the Province;
2. its shift in automobile licensing fees to a schedule based on vehicle weight, thereby providing a positive incentive for Manitobans to purchase lighter, more energy-conserving vehicles;
3. its encouragement of research into and experimentation with alternative sources of energy and new uses for renewable energy sources, such as the solar heat project taking place now on the roof of this Legislative Building;
4. its elimination of the provincial sales tax on all insulation materials for use in residential construction of a non-commercial nature, and its announced intention subsequently to monitor insulation prices, in the hope individuals will receive an incentive, in the form of lower costs, to increase the energy conservation in their own homes;
5. its announced intention to eliminate property tax increases arising from the installation of equipment to utilize solar energy for home heating purposes, and to reimburse municipalities for the revenues they do not collect for this reason, thereby providing a further powerful incentive for individuals to undertake this form of energy conservation in their homes;
6. its newly announced special provincial loan programme under which \$1,000, repayable over twenty years, will be made available to those homeowners who wish to improve their insulation.

And the debate continuing on the amendment,

And Mr. AXWORTHY speaking at 5:30 p.m.,

The debate was suspended in accordance with Rule 22.

---

At 8:00 p.m., the Chairman of the Committee of Supply returned to the Chair.

PETER FOX,  
Speaker

10:00 O'CLOCK A.M.

**PRAYERS.**

Before the Orders of the Day were entered upon, Mr. GRAHAM rose in his place and moved:

That this House do now adjourn to consider a definite matter of urgent public importance, namely the incompetence, negligence and mismanagement of the Government of Manitoba in its failure to carry out one of the major responsibilities of Government, the maintenance of proper and acceptable standards for the administration of justice, as evidenced by the revelations relating to former Judge A. Pilutik.

Mr. GRAHAM explained his arguments in favour of the motion.

Hon. Mr. PAWLEY stated the position of his party with respect to the motion.

WHEREUPON Mr. Speaker ruled as follows:

I thank the honourable members for their contribution in respect to procedures in setting aside our normal Business of the House in order to debate this matter.

In respect to urgency of debate which is what I asked the honourable members to debate, under normal procedures I would have said that this matter is definitely out of order because urgency did not appear to be the essence of the motion. Although by resolution of this House it has gone into special procedures, nevertheless under our Orders of the Day there is a motion before the House which goes into Committee of the Whole which includes an area of debate with the Attorney-General's Estimates and also any other matters pertaining to it can be discussed. So therefore, I say under normal procedures or under our special procedures at the present time, there is ample opportunity for debate and therefore I have to rule this matter out of order.

---

Before the Orders of the Day were entered upon, Mr. JOHNSTON (Portage) rose in his place and moved:

THAT the House do now adjourn to discuss a matter of urgent public importance, namely, the mishandling of the Pilutik affair by the Attorney-General of Manitoba.

WHEREAS it was known by the former Attorney-General Mackling that former Judge Pilutik was not measuring up to accepted standards as a member of the judiciary as far back as 1973;

AND WHEREAS former Attorney-General Mackling stated that the present Attorney-General "was knowledgeable about this";

AND WHEREAS the Attorney-General's department supplied the Law Society of Manitoba with the information which led to the Law Society of Manitoba to suspend Mr. Pilutik from the practice of law for 30 months;

AND WHEREAS there appears to have been some form of participation with former Judge Pilutik, members of the R.C.M.P., court officials and officials of the Attorney-General's Department in engaging in unacceptable behaviour in public, if not acts which contravene the law;

AND WHEREAS the Attorney-General's estimates have been passed, the budget and Throne Speech debates have been concluded; this motion appears to be the only method by which this Assembly can discuss this important matter;

WHEREUPON Mr. Speaker ruled the motion out of order in accordance with Rule 27 (5) (c) of the Rules of the House.

From this decision, Mr. JOHNSTON (Portage) appealed to the House.

And the Question being put,

"Shall the ruling of the Chair be sustained?"

It was decided in the affirmative on the following division:

Then, on motion of Hon. Mr. TOUPIN:

ORDERED THAT Bill 14 be amended by adding thereto, immediately after section 12 thereof, the following section:  
Subsec. 101(6) added.

12.1 Section 101 of the Act is amended by adding thereto immediately after subsection (5) thereof, the following subsection:  
Notice by tenant.

101(6) Notwithstanding subsection (1) where a tenant gives oral notice to terminate to a landlord, the landlord may, at the time the oral notice is given, produce and require the tenant to sign in duplicate a written notice to terminate which may be in accordance with subsection (4) and immediately upon completion of the notice by the tenant the landlord shall give one copy to the tenant; and where the landlord produces the notice and the tenant fails or refuses to sign the notice, the oral notice shall be deemed not to have been given by the tenant to the landlord.

Hon. Mr. TOUPIN then moved:

THAT subsection 123 (2) of the Act as set out in section 22 of Bill 14 (as passed by Law Amendments Committee) be struck out and the following subsection be substituted therefor:

Application of subsec. (1).

123 (2) Notwithstanding subsection (1), Part IV does not apply where an employer is engaged in the construction or logging industry and directly or indirectly provides room and board or room only to an employee; but that Part does apply where room and board or room only are provided directly or indirectly by any person engaged in the mining industry.

And a debate arising,

And Hon. Mr. TOUPIN and Mr. LYON having spoken,

And the Question being put on the Amendment,

It was agreed to.

---

Mr. Speaker put the Question:

“Shall the Report be concurred in?”

WHEREUPON, on motion of Hon. Mr. USKIW:

ORDERED THAT subsection 1(2) of Bill 56 (as passed by Agriculture Committee) be amended by striking out therefrom the figures “13” and substituting therefor the figures “15”.

Then, on motion of Hon. Mr. USKIW:

ORDERED THAT clause 13(c) of Bill 56 (as passed by Agriculture Committee) be repealed and the following clause be substituted therefor:

- (c) prescribing the powers and duties of the board appointed under section 15.

Then, Hon. Mr. USKIW moved:

THAT Bill 56 be further amended by adding thereto immediately after section 14 thereof the following section:

Establishment of board.

15 (1) There is hereby established a board to be called "The Manitoba Farm Lands Protection Board" consisting of not more than five members to be appointed by the Lieutenant Governor in Council.

Appointment of staff.

15 (2) Such officers and employees as may be required for the proper administration of this Act and the regulations and the efficient discharge of the duties of the board shall be appointed as provided in The Civil Service Act; and every person so appointed shall,

(a) as may be prescribed by the Lieutenant Governor in Council, discharge the duties of, and hold, any office authorized by law; and

(b) be paid a salary or other remuneration as provided by law.

Duties and powers of board.

15 (3) The board has such powers and duties as are specified in this Act and regulations made thereunder and is responsible to the minister for the administration of this Act and the regulations.

*(Recommended by His Honour the Lieutenant-Governor)*

And a debate arising,

And Hon. Mr. USKIW and Mr. LYON having spoken,

And the Question being put on the Amendment,

It was agreed to.

THEN, on motion of Hon. Mr. USKIW:

ORDERED THAT sections 15 and 16 of Bill 56 be renumbered as sections 16 and 17 respectively.

His Honour was then pleased to deliver the following speech:

Mr. Speaker and Members of the Legislative Assembly:

The work of the Fourth Session of the Thirtieth Legislature has now been completed. I wish to commend the Members for their faithful attention to their duties including many hours devoted to consideration of Bills and Estimates, both in the House and in the Committee. I convey to you my appreciation of your concern for the public interest and for the general welfare of our Province.

I thank you for providing the necessary sums of money for carrying on the public business. It will be the intention of my Ministers to ensure that these sums will be expended with both efficiency and economy by all departments of the government.

In relieving you now of your present duties and declaring the Fourth Session of the Thirtieth Legislature prorogued, I give you my best wishes and pray that under the guidance of Divine Providence, our Province may continue to provide the things which are necessary for the health, happiness and the well-being of all our people.

Hon. Mr. PAWLEY then said:

It is the will and pleasure of His Honour, the Lieutenant-Governor, that this Legislative Assembly be prorogued until it shall please His Honour to summon the same for the dispatch of business, and the Legislative Assembly is accordingly prorogued.
